Starke Hilfe für zarte Zeiten.

Töpfer *Organic* Dry Rice Cereal

High-quality rice diet for infants from the 5th week onwards

CHARACTERISTICS

- dietetic food suitable for the treatment of infantile dyspepsia (diarrhoea disorder in infants).
- easily soluble.
- especially easy to digest and gentle on the stomach because of a special production procedure.
- has been proven successfully over decades as building-up nourishment for infants, toddlers, school age children and adults.
- is naturally free of gluten and lactose.
- only to be used if prescribed by doctor.
- not suitable as permanent nutrition.
- sub-caloric due to dietetic reasons; if taken for a long time, calories need to be supplemented.

INGREDIENTS

Rice flour*

*from organic production

IMPORTANT INFORMATION

Please use the measuring spoon included in the packaging only. It is sufficient to wash the measuring spoon with hot water. Do not put the measuring spoon in the dishwasher or in a sterilizer.
Do not give infants suffering from diarrhoea any crystallized sugar.

HOW SUPPLIED

Powder: Package with 250 g packed under protective atmosphere
